AR-92

PRODUCT DESCRIPTION

AR-92 is a water soluble release agent which prevents asphalt from sticking to the sides and bottom of truck beds. Proper application produces a rich foam which allows asphalt loads to easily slide from truck beds when tilted. AR-92 will not affect the composition of the asphalt mix.

AR-92 FEATURES

- D.O.T. Approved
- Will not affect composition of the hot mix asphalt
- Compatible with any type of truck body
- Dispensed through standard proportioning valves
 - Standard dilution ratio is 40 parts water to 1 part AR-92
 - Yield is 11,000 - 15,000 tons of asphalt per drum (water)
 - Yield is 15,000 - 26,000 tons of asphalt per drum (water/air)

AR-92 BENEFITS

- Replaces environmentally unsafe diesel fuel
- Will not harm the environment
 - Contains no petroleums
 - Contains no silicates
- Non-toxic
- Safe to use
- Cost effective
 - 25-40 seconds application time

Item No.	Description
G5-G	AR-92 - 1 Gallon
G5-5G	AR-92 - 5 Gallon Pail
G5-4CS	AR-92 - 4 Gallon Case
G5-55	AR-92 - 55 Gallon Drum
