BIO BUSTER Enzyme Grease & Waste Digester

PRODUCT DESCRIPTION

This fast acting enzyme product will work naturally to help break down waste and grease. Helps improve grease trap performance plus deodorizes by attacking the organic source of odors.

USES

- Grease Traps
- Municipality Sewers
- Drain Lines
- Septic Tanks
- Collection Systems

DIRECTIONS

BIO BUSTER contains microorganisms that are capable of degrading a wide range of oils, greases, starches and carbohydrates under aerobic, facultative, anaerobic conditions combined with natural biological enhancers, micronutrients and macronutrients. When applied on a regular basis, this product reduces the accumulation of grease in sumps, drains and traps. By degrading the grease, other solids are free to flow through the system. BIO BUSTER is formulated with odor control ingredients for fast action.

USAGE APPLICATION:

SEWER & DRAIN MAINTENANCE: 2 X a week or as needed.	PIPE SIZE	DOSAGE
	2"	4 oz.
	4"	8 oz.
	6"	12 oz.
	8"	16 oz.

GREASE TRAP: Less than 20 cu. ft. capacity 4 to 5 oz. daily by pouring into sink or pipeline closest to trap. Should be done in the evening when not in use. Flush with one cup of lukewarm water.

PRODUCT SPECIFICATIONS

Color:	Green	Detergency:	Excellent
Odor:	Lemon	Biodegradability:	Complete
pH:	7.0 - 8.0	Solubility:	Complete with water
Viscosity:	Water thin	Rinseability:	Excellent
Effective Temperature Range:	50 - 120 F	Emulsification:	Excellent
Weight per Gallon	9 lbs.	Flash Point:	None
