# GRE-SOFF

## PRODUCT DESCRIPTION

This powdered product removes oil and grease from most surfaces. Ideal for concrete surfaces, quarry tile and other floor surfaces.

## USES

- Floors
- Walls
- Concrete
- Quarry Tile

## DIRECTIONS

**IN SOLUTION:** Dissolve 2-4 ounces of GRE-SOFF per gallon of water, apply solution to surface with mop or cloth, scrub with stiff brush. Let stand for 5-10 minutes and rinse off.

**POWERED APPLICATION:** Wet surface to be cleaned, distribute powder lightly over wet surface and let stand 5-10 minutes. Agitate with stiff brush and rinse off.
