

TKO Oil Stain Remover

TKO uses a non-hazardous liquid-to-powder formula that lifts and removes oil and grease stains from porous substrates including asphalt, concrete and pressure-treated wood.

- Removes Oil Stains from Surfaces
- Liquid to Powder Formula Ensures Maximum Absorption
- Easy Application and Clean-up
- Non-hazardous

NON-HAZARDOUS FORMULA EFFORTLESSLY LIFTS & REMOVES OIL STAINS

WHERE TO USE

- ASPHALT • CONCRETE • PAVING STONES • COMPOSITE DECKING • PRESSURE-TREATED WOOD

DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

Shake well before use. Apply to stain with rag, squeegee or 1/4" v-notch spreader. Allow product to saturate stain for 12 hours. Dry time decreases in high temperature/low humidity. Once dried to powder form, sweep up debris and discard. For best results, apply in temperatures above 60° F (16° C). Product will not work below 55° F (13° C). Do not allow unused product to freeze.

TECHNICAL DETAILS

SIZE	PACKAGING	LIQUID COLOR
1 GL	4/1 GL CASE	GRAY
5 GL	PAIL	GRAY
55 GL	DRUM	GRAY
