

TACKLE

Powder Chlorinated Alkaline Cleaner

TACKLE uses a highly built formula balanced with alkaline builders & rich with high-foaming surfactants & water conditioners to penetrate & remove soil from surfaces. Works in all water conditions & provides excellent soil suspension with the oxidizing & control benefits of chlorine.

Ideal for general & manual cleaning chores in the food, dairy & brewing industries.

- Cleans, Eliminates Odors & Helps Control Mold & Mildew
- Removes Protein Soils & Bluing from Stainless Steel
- Free-rinsing, High-foaming, Surfactant-rich Formula
- Safe on Soft Metals

EFFECTIVELY CLEANS IN ANY WATER CONDITIONS

WHERE TO USE

- CLEANING CHORES IN THE FOOD, DAIRY & BREWING INDUSTRIES

DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

Dilute 1/2 OZ - 2 OZ per gallon of warm/hot water. Dilutions may vary depending on soil type and load. Rinse thoroughly with fresh water after use.
