

ULTRA FINISH PREMIUM Floor Finish

ULTRA FINISH PREMIUM uses a high-performance formula to seal floors quickly with minimal finish maintenance.

- Seals Floors with a High Shine Finish
- Quick Dry Time
- 25% Solids

QUICK-DRY HIGH SHINE FLOOR FINISH WITH 25% SOLIDS!

WHERE TO USE

- FLOORS

DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

FLOOR PREPARATION: Using a no-rinse, no-scrub liquefying stripper, strip off old finish & wax following product label directions. Make sure the floor is clean & dry before applying finish.

APPLICATION: Use a clean mop or applicator to apply a thin, uniform coat of **ULTRA FINISH**. Allow to dry for a minimum of 30 minutes after each coat. Do not apply more than 4 coats in a 24-hour period.

HIGH SPEED BUFFING & BURNISHING: To maintain finish after initial application, use a quality floor cleaner & damp mop on a regular basis to maintain cleanliness & shine.

MAINTENANCE: Use the recommended neutral floor cleaner for routine cleaning. Worn areas or the entire floor may be scrubbed & re-coated as required to maintain a uniform high gloss finish.
