

POT & PAN EZ

Manual Dish Detergent

DIRTY DISHES? DO THEM ON THE DOUBLE!

POT AND PAN EZ uses a concentrated, high-suds formula to remove grease and food soil from dishes and utensils, while leaving hands soft and clean.

- Removes Grease and Food Soil from Dishes and Utensils
- Concentrated, High-suds Formula
- Leaves Hands Soft and Clean

CONCENTRATED, HIGH-SUDS FORMULA!

WHERE TO USE

- DISHES
- GLASSWARE
- UTENSILS
- POTS
- PANS

DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

FOR DISHES, GLASSWARE & UTENSILS: Dilute as instructed below and allow water to run with force until sink is filled to proper level. Wash dishes, rinse, sanitize and let air dry.

FOR GREASY POTS & PANS: Dilute 1 tablespoon of **POT AND PAN EZ** to each pot/pan and fill with hot water. Allow product to dwell for several minutes, then wash and rinse as usual.

FOR HAND DISH WASHING: Dilute 1/4 OZ **POT AND PAN EZ** to 1 GL water.

FOR AUTOMATIC BAR GLASS SCRUBBERS: Dilute 1/4 OZ **POT AND PAN EZ** to 2 GL water.

NOTE: Soak items to be cleaned for a few minutes depending on the degree of encrustation. When regulations require a three-compartment sink consisting of a detergent, rinse, and sanitizing agent, use this product in the first sink, clear water in the second sink, and a sanitizer in the third sink.
