

QUICK SILVER

Solid Flatware Presoak

CleanTech *an Emulso Brand*

CleanTech's **QUICK SILVER** is a concentrated solid detergent for the soaking of flatware and kitchenware prior to machine washing.

- Loosens Crusted-on Food Debris from Flatware & Kitchenware
- Improves Washability
- For Use Prior to Machine Dishwashing

FORMULATED FOR AUTOMATIC DISHMACHINES

WHERE TO USE

- COMMERCIAL DISHMACHINES

DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

This product should be dispensed only from equipment designed specifically to handle solid capsule detergents. Remove cap and place inverted capsule into bowl unit. Fill soak tub using the automatic dispensing system. Place flatware into pan and allow soaking until soils have been loosened. Rack flatware and rinse with water from sink to remove excess detergent, then wash as usual in mechanical washer.
