DIRECTIONS

READ ENTIRE PRODUCT LABEL PRIOR TO USE.

REGULAR CLEANING: Dilute 2 parts **FORMULA 75** to 1 part water.

MODERATELY SOILED SURFACES: Dilute 4 parts **FORMULA 75** to 1 part water.

HEAVILY SOILED SURFACES: Dilute 8 parts **FORMULA 75** to 1 part water.

MANUAL FLOOR CLEANING: Dilute 4-6 parts **FORMULA 75** to 1 part hot water. Apply solution with a clean mop and allow several minutes of dwell time. Rinse with water. Change mop water frequently. Allow floor to dry before use.

AUTOMATIC FLOOR SCRUBBERS: Dilute 4-6 parts **FORMULA 75** to 1 part hot water in the machine's solution tank. Scrub and rinse floor as recommended by machine manufacturer. Frequently replace dirty solution. Empty holding tank and refill with clean water, then rinse floor and allow to dry before use.
